PROFESSIONAL EXPERIENCE

- Data Analysis Freelance Consultant-CGI Spain
Madrid, Spain — On-site at BPCE Equipment Solutions (Nov 2025 – Feb 2026)
Supporting CGI Spain on a data migration mission for BPCE Equipment Solutions. Responsibilities include migrating key reports to new systems, overseeing data mapping and validation, and ensuring reporting accuracy during the transition. I also deliver new data analysis projects and collaborate with stakeholders to improve data flows and reporting processes.

- Data Analysis Freelance Consultant – Valyou Furniture
(Los Ángeles, California — Remote) (Apr 2022 – Feb 2026)
Built and automated the company's BI system using Python, Google BigQuery, and Pentaho, creating dashboards and data pipelines for sales, operations, and inventory. Led key analyses such as inventory and shipping cost optimization.
For last 18 months, providing ongoing light support to maintain and update the BI system.

-Data Science Engineer – Alix Intelligent Technologies- (Dec 2024-May 2025) (Lille, France)
Collaborating on the design and development of a technological solution for the insurance industry.

-Data Analysis Part time College Professor - Universidad San Francisco de Quito
(Quito, Ecuador) (Jan 2023 – Jul 2023)
Classes for undergraduate students on Data Analysis using tools such as: Excel, Pentaho Data Integration, Power Bi, Google Looker Studio and Python programming language.

- ICT Senior Assistant, United Nations (UNOPS)
(Mexico City, Mexico - Home Based, Ecuador) (Aug 2021-Apr 2022)
Led data analysis and integration efforts that removed key bottlenecks in supplier payment and logistics processes, improving efficiency in critical operations. Developed automated dashboards and reports to support decision-making in procurement and logistics. Created custom solutions using Python and Google Apps Script, and automated data integration with SQL in Google BigQuery.

- Senior Data Analytics Consultant - Actuaria Consultores
(Quito, Ecuador) (Apr 2019 - Jul 2021)
Successfully launched a new Data Analytics area, achieving concrete sales results with new clients and leading subsequent analytics projects. Developed data analytics products for various industries and implemented and ML projects for clients. Managed commercial efforts for new analytics solutions.

- Marketing Intelligence - Seguros Equinoccial
(Quito, Ecuador) (Jan 2019 - Apr 2019)
Supervised clustering models, data integration for cross-selling, and market research analysis.

- Product Manager BI - Micro Br Group – GantaBI
(Barcelona-Spain) (Feb 2017 - Oct 2018)
Promoted from previous role to lead the launch of a new BI consulting firm, managing a team of 5. Developed and managed BI projects for transportation companies in Spain.

- Business Intelligence Developer - Micro BR Group - Micro BR
(Barcelona, Spain) (Apr 2016 - Jan 2017)
Evaluated BI tools, integrated data with Qlik Sense, and designed dashboards.

- Analyst - Servicio Nacional de Contratación Pública
(Quito, Ecuador) (Jul 2014 - May 2015)
Prepared public procurement reports, managed databases, and developed statistical reports.
